

Section A : To Download all the MP3 files OR AVI files OR PDF files at a time of the webpage:

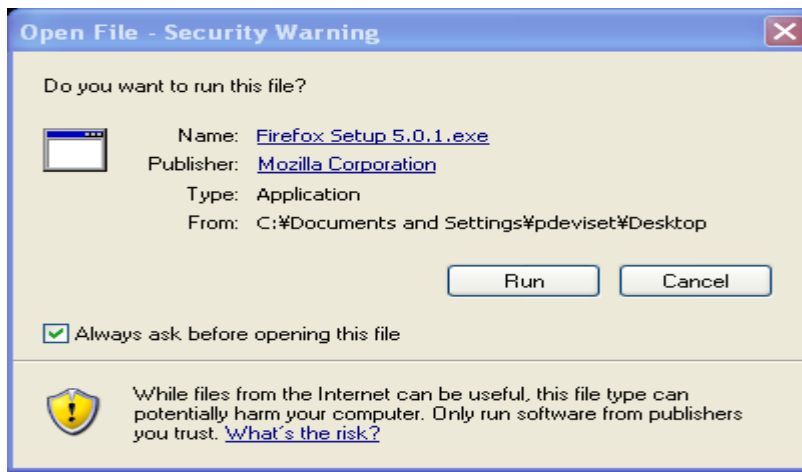

1. Please make sure in your computer's Mozilla web browser "DownloadThemAll" menu item availability from "Tools" Menu. If it is NOT available, please follow the instruction in Section B (this you have to do only for the first time)
2. Browse the URL which you want to download from
3. Goto Tools -> DownloadThemAll!
4. The MP3 files available in the browsed URL are marked to download
5. Please mention the path of your local computer into "Save Files in:" section and Click "Start" button. All the files will be downloaded in single click.
6. You may start play them in your favorite device (Computer, cdplayer, mobile, etc.)

Section B : Follow the below 15 steps for the first time (ONLY ONES):

1. Make sure Mozilla web browser (of any version) is available in your computer
2. Open any web browser in your computer (Internet Explorer OR Google Chrome)
3. Access the URL : <http://www.mozilla.com/en-US/firefox/new/>
4. Click on "Firefox Free Download" Image
5. A small window will display , choose "save" option and save the file onto Desktop
6. Saving of this file takes few minutes as per your internet speed (approx 8 minutes)

7. Once the file is saved on your desktop, please double click that .exe file to execute
8. It shows the small window as shown in the below image

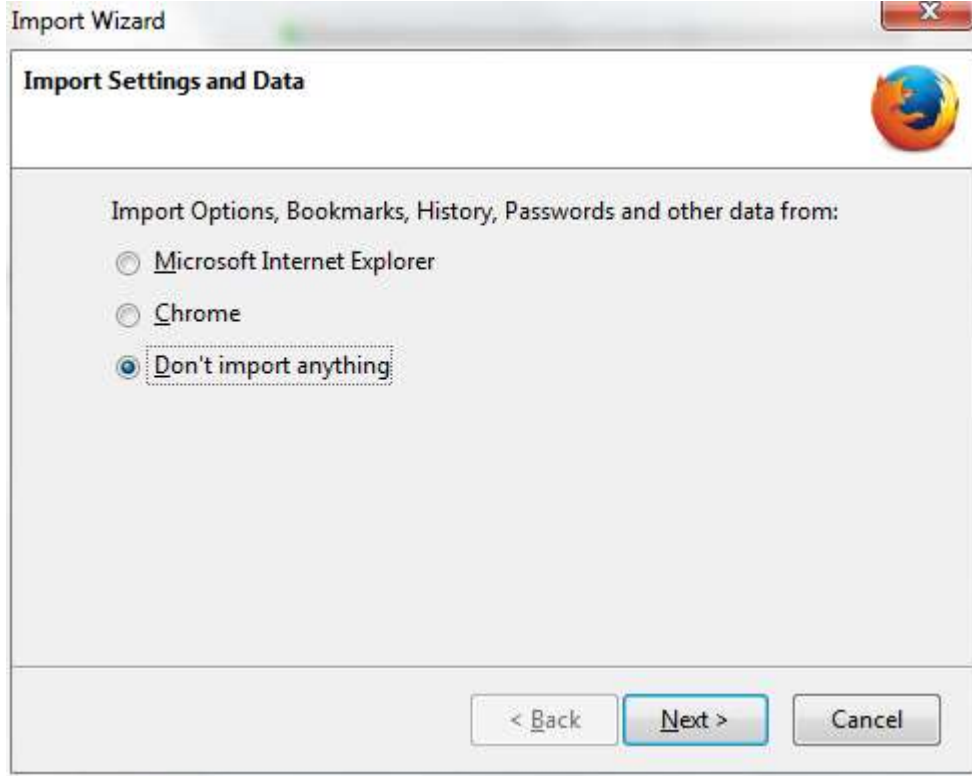

9. Click "Run" button

10. It starts the setup

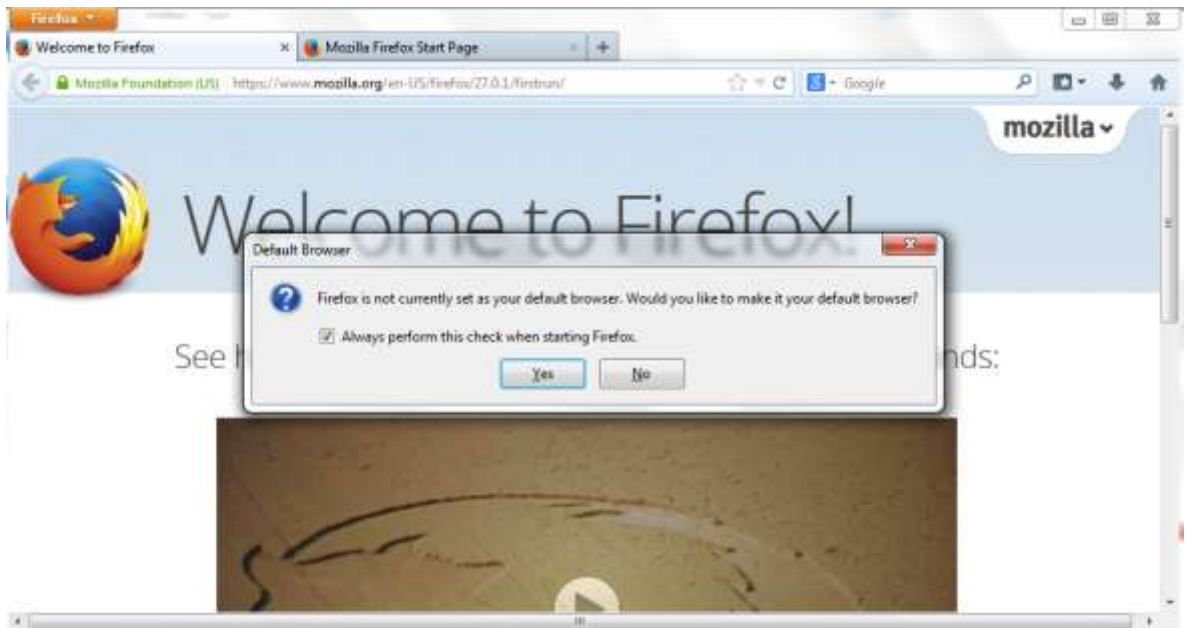

11. Click "Install"

12. It has completed installation of the browser.

13. Remove the tick and click on "No" to Finish the installation.

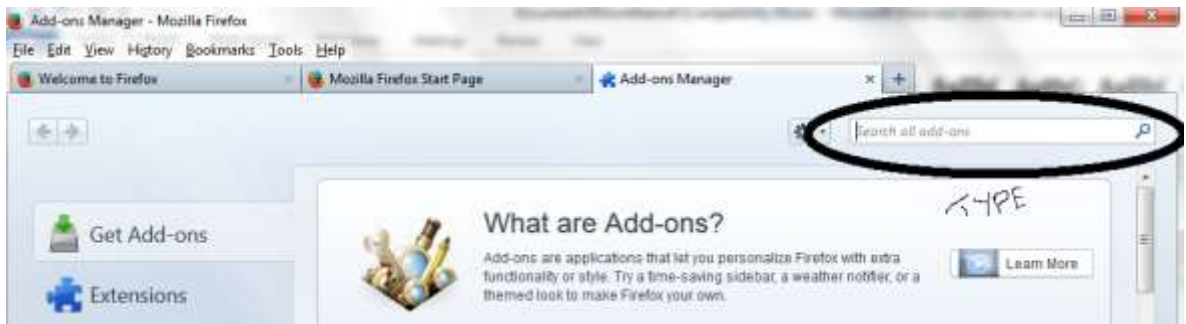

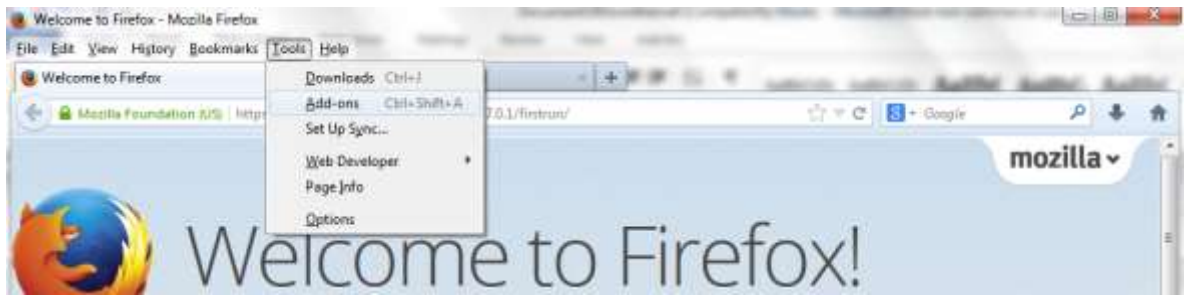

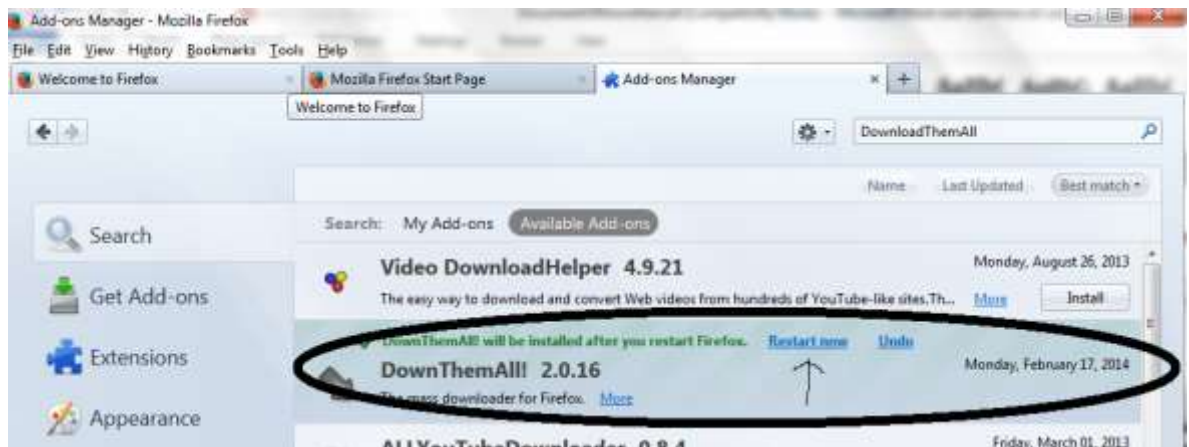

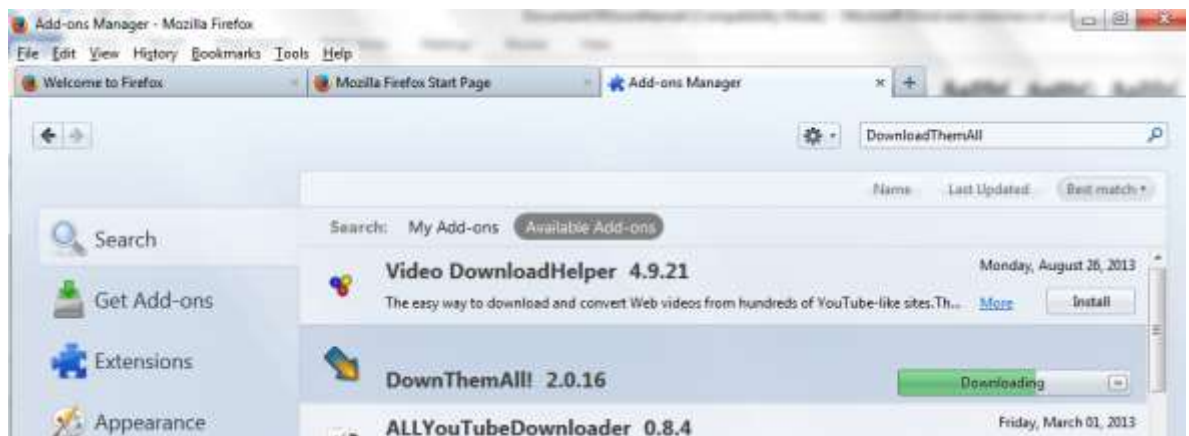

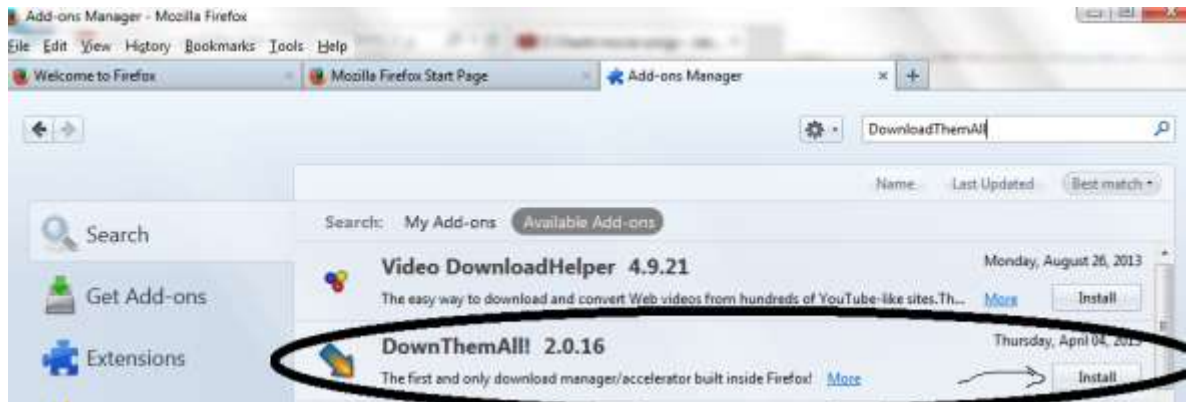

14. To enable Menubar, right click on Tab bar and choose "Menu Bar"

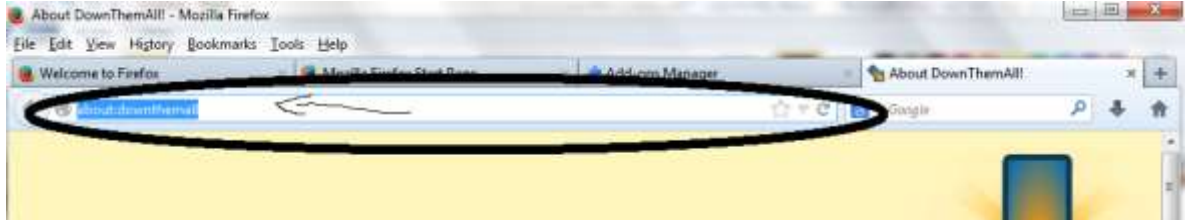

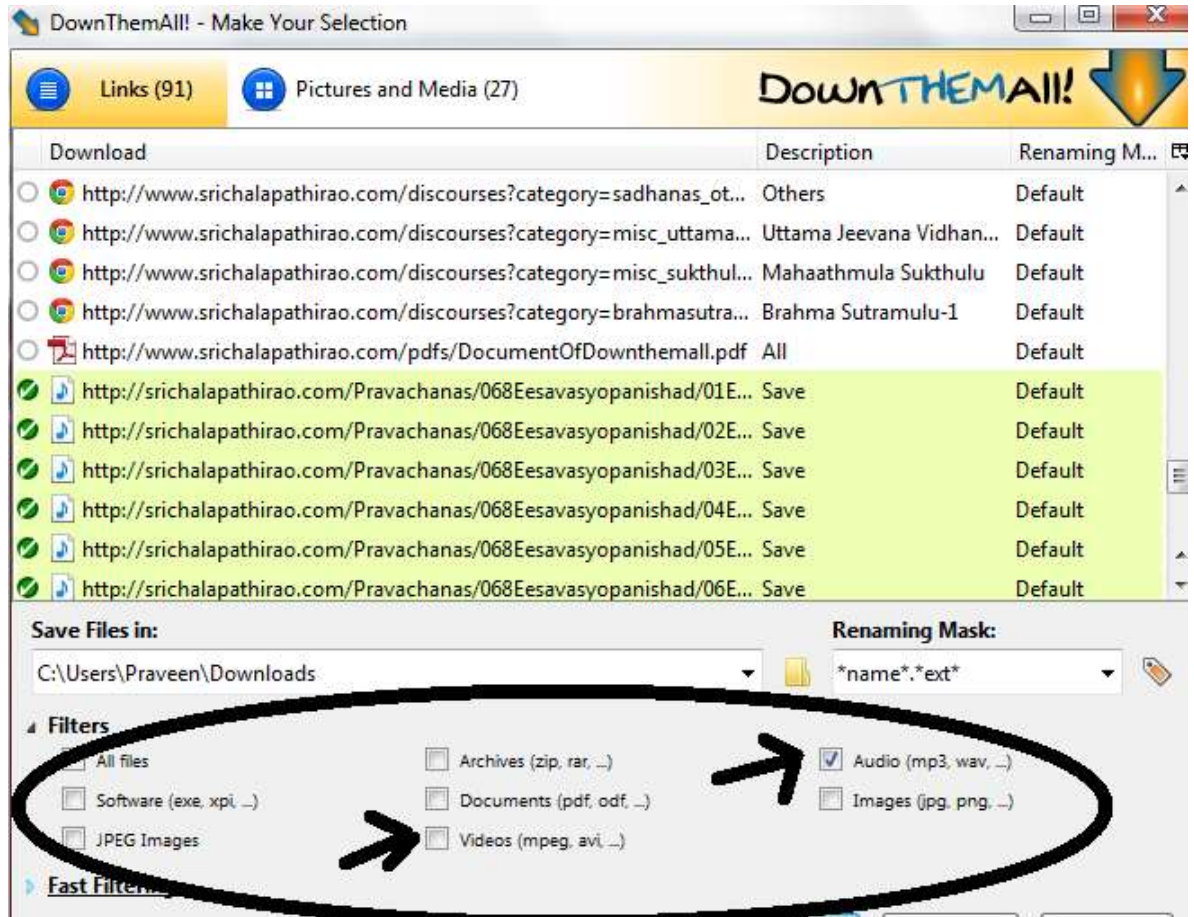

15. In Firefox web browser -> Tools -> Add-ons -> search for "DownThemAll" -> select it -> Click Install

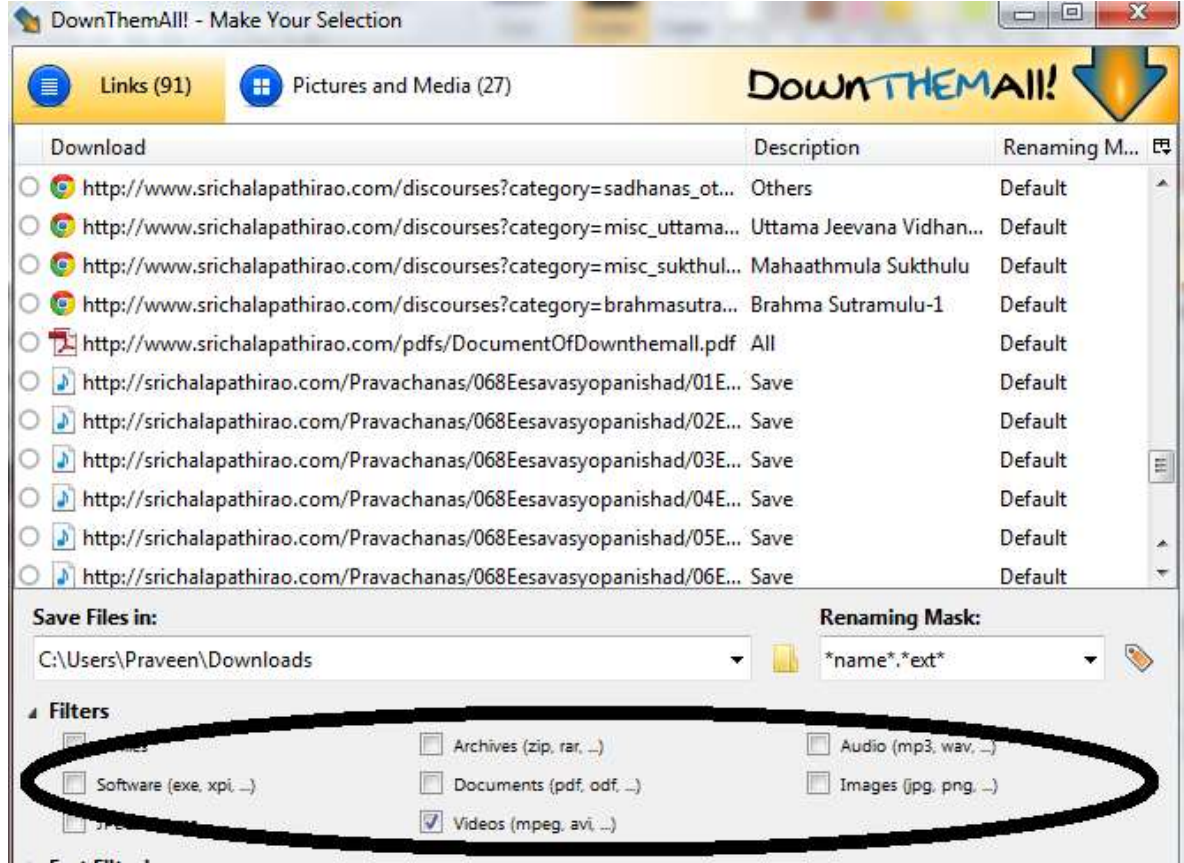

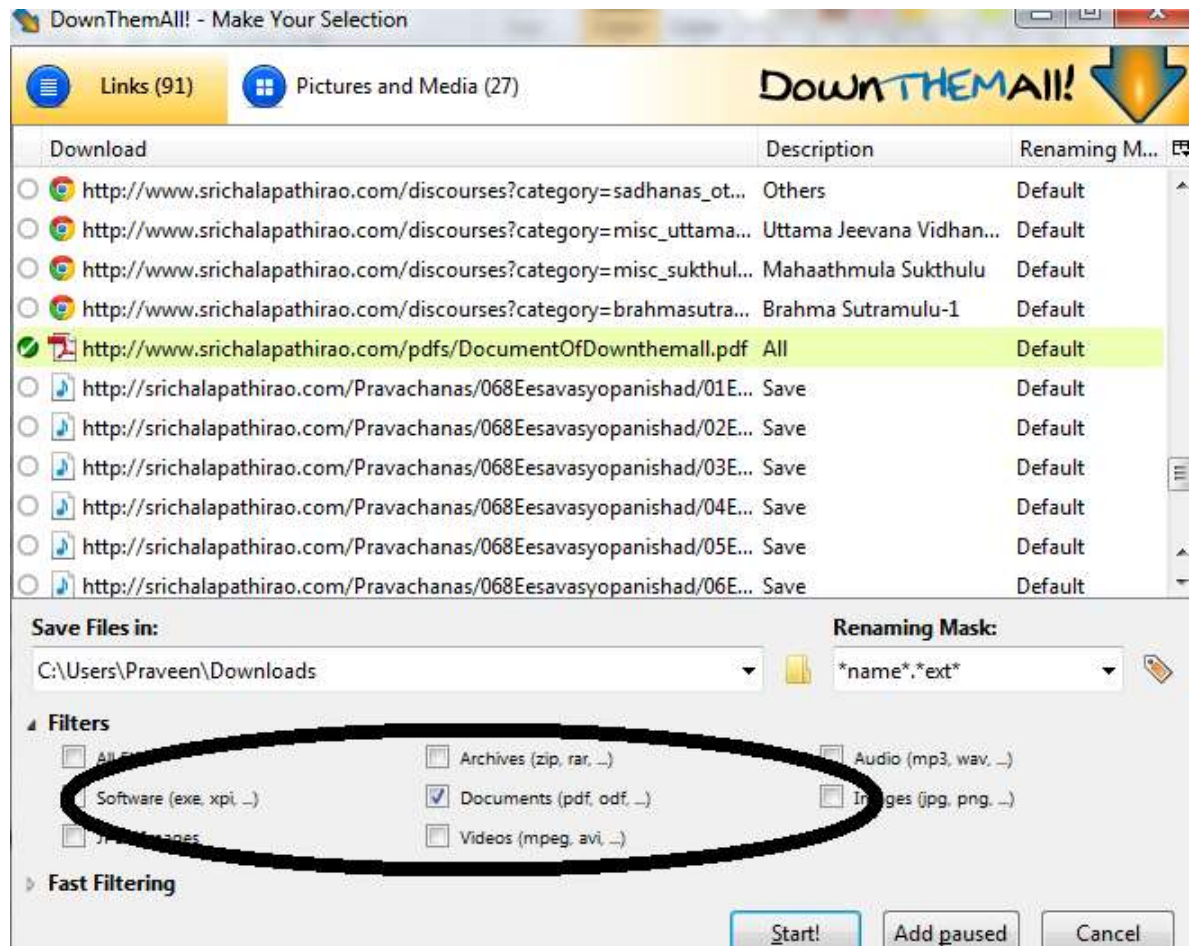

To download only audio files, select tick mark only for Audio

To download Only Video Files, choose tick mark for Videos ONLY

To download only PDFs choose tick mark only for Documents

To download all Audio, Video, PDFs, select all 3 and click on Start
